

## Personal Information

Education Status : Bachelor of Science(B.Sc.) Date of birth : 21/07/1995

Military Status : Done (01/08/2019)

Place of birth : Fethiye/Muğla/Türkiye

Marital Status : Single

Driver License : B

Smoking : No

## Communication

**Name surname :**

Kubilay Akpınar

**Address :** Dicle district 865

St. No:9/2

İşçievleri/Buca/İzmir

**Gsm :** 0(538)-482-48-95

**e-mail :**

kubilay2456@gmail.com

## Education

School / Section

**Fethiye Anatolian High School**

2009-2013

Grade : 69,99/100

**Karabuk University**

2013-2017

Faculty of Engineering – Mechatronics Engineering (B.Sc.)

Grade : 2,94/4 (79,40-100)

## Seminar / Certificate

6.International Science Days

Karabuk University – Bilimtey Club

04/05/2015—06/05/2015 ( 21 Hours) Scientific Thinking Certificate

## Scholarship

Fethiye Municipality Success Scholarship

2013-2017

## Project

TÜBİTAK 2209-A University Students Domestic Research Projects Support Program

Remote Controlled Bomb Disposal Robot (2016-2017)

Project Link : <https://www.youtube.com/watch?v=l8hngBof700&t=4s>

I graduated from Karabuk University Mechatronics Engineering Department on 23.06.2017. During my university education, ECU Fren ve Döküm Sanayi A.Ş. And I did an internship at Evran Engineering. I started my professional business life with Katmerciler Vehicleüstü Equipment Inc. on 21.08.2017. As a Project Engineer responsible for the design and production of Unmanned Land Vehicles in the R&D Department of the company, I did active field studies and Computer Aided Design for 2 years. The vehicle I designed and produced was launched under the name UKAP. At the same time, I worked in other Defense Industry Projects carried out in the company. I designed and installed the Power Distribution Unit of the company's Armored Personnel Vehicle named HIZIR. I worked in the Garbage Truck and Forest Car in the on-vehicle equipment class of the company's other products.

I took part in various projects in AVS Automation company where I am currently working. I am working in the active field system commissioning in automation systems of various sectors such as brick factory automation installation, industrial coffee roasting machine automation system, stone crushing plant automation installation, textile machinery in the soil industry sector. I use Fatek, Beijer, Veichi brand PLC, HMI, Inverter and Servo motor.

I finished my military service on 01.08.2019.

As Computer Knowledge;

Good grade SolidWorks , AutoCAD , EAGLE , Proteus , MS Office.

Intermediate ; Winproladder, IX Developer, Fv Designer, Ansys, Arduino IDE, SEE Electrical, Visual Studio, MatLAB, Fritzing.

I know SolidCAM and Codesys at the beginner level.

During my university education, I was a member of Karabük University Bilimtey Club. I attended the 6th International Science Days with the club. I earned a Scientific Thinking Certificate in this event. I was receiving a Fethiye Municipality Success Scholarship.

I built the Remote Controlled Bomb Disposal Robot within the scope of TÜBİTAK 2209-A University Students Domestic Research Projects Support Program.

Project Link: <https://www.youtube.com/watch?v=l8hngBof700&t=4s>

I got a class B driver's license in 2014 and I am actively driving.

I have no travel restrictions.

I can work overtime when needed.

I live in Buca district of Izmir.
